Dear Friends,

I am writing this letter to ask for a little help. I was laid off from the St. Louis County Election Board on November 8, 2024, and have been looking for a new job with little success. It looks like I need a source of income for the interim, which is where you come in.

As you may know, I have been doing freelance work in the areas of Audio Production, Web & Graphic Design (WordPress) in St. Louis primarily.... but I am willing to do it for just about anyone. The help I am needing from you is this.... if you or anyone you know needs something done Graphic Design or Audio Production wise, please let me know. Below are the different types of things that I do:

1. **Audio Production Work**

a. **Radio Productions**

- i. **Radio Spots** – Typically, Radio spots last 15, 30, and 60 seconds respectively. Whether it is doing post-production editing of a recorded radio program or recording and editing the radio program, I can provide the production services you need to make your radio program high quality and a huge success.
- ii. **Radio Programs** - Often, these shows that air on the weekends are either 30 minutes, an hour, or 2 hours+ long. Whether it is doing postproduction editing of a recorded radio program or recording and editing the radio program, I can provide the production services you need to make your radio program high quality and a huge success!

b. **Other Audio Productions**

- i. **Recording of Authors of Books for an Audio book version of their Book.** - I have done recording of authors for and/or editing or recordings for audiobook CDs for numerous people, including well known authors such as [Fr. Ralph Wright, OSB](#), known at St. Louis Abbey as the Pro-Life Monk. An example of a book I recorded Fr. Ralph and Edited the audiobook is ***One Indivisible Gospel*** and edited the recordings for the books ***12 Observations on Abortion*** and ***The Eloquence of Truth***.
- ii. **Audio CDs** – I have done recording & editing for audio CDs for numerous people, including well known people such as former Sports Broadcaster Zip Rzeppa, whose compelling How-To 6-CD Audio Set and Download entitled [Living the Joy](#), has released over 300 copies (Both Audio CD and Digital copies) since its release in 2021.

c. **Graphic Design** – I have done a number of Graphic Design projects over the past few years including Virtually all of the Graphics on the websites for [Myself](#), the [Big B Files](#), [IWKnightsof Columbus](#) (including the [Golf Tournament](#) & [Fish Fry](#) websites), and [ACTE](#).

- i. **Logos / Branding** - Need a logo to make you or your business easily recognizable? I can provide Logo / Branding design services making you, your business, organization VERY EASILY recognizable! Go to bigbmultimedia.com/branding/ for more information about this and samples of what I have done. Most recently, I designed a new logo for a business being started by my twin sister Melissa Hewing under the name of [Melissa Soulkeeper 1](#) and [personal branding for Melissa](#) herself.. **Email Flyers & Other Flyers** – an example of email and event flyers are the ones I did for [Benefits Alliance \(Doug Brown\)](#) and [Mater Media](#).
- ii. **Other Graph Design Projects** – other Graph Design Projects include most of the signage seen at the IWKnightsof Lenten Fish Fry, [Raffle Tickets](#) used a few years ago, and [a Placemat](#). The Placemat was one main project consisting of approximately two dozen different projects embedded within the main placemat Project!

As I said before.....if you or anyone you know needs something done Graphic Design or Audio Production wise, please let me know as it looks like I need a source of income for me until I can find a new permanent position. Compensation terms are negotiable and will be discussed after I understand the extent of the work necessary to complete an assignment.
